Dear Colleague

Mapping the Provision of Services for Children and Young People (Ages 0 to 25) in Wellingborough

The Wellingborough Partnership is conducting an exercise to identify and map the provision of services to Children and Young People within Wellingborough. The findings of which will be used to develop the onward delivery of services to these groups and be used as input to the County Children and Family Information Service.

Attached you will find a short questionnaire which asks you to document the current range of services offered by your organisation for Children and Young People. The questionnaire is in electronic form to expand to take your information or in fixed format for hand written entry. You can either **return this questionnaire electronically to the Wellingborough Partnership's email address (wellingboroughpartnership@yahoo.co.uk)** or by post to the Partnership at the above address.

The information gathered from this exercise will be presented back to the partnership to determine onward action planning. Please take the time to complete this short questionnaire. Additionally if you are aware of any other partners who you feel should also complete this questionnaire, please forward this letter and questionnaire to them. We would rather organisations were asked more than once than not at all. Some that we can keep track on who has been asked to provide information, please advise who else you have asked electronically or by post as above

If you have any questions, please ask.

Thank you for your time in providing information for this important mapping exercise.

Yours sincerely

Hugh Fenton
Chair, Steering Group
